

RESIDENTS'  
ASSOCIATION OF  
EMERSON PARK

# THE BULLETIN

The Voice of our Community

Hubbards Close is a very small road which is not equipped to accept heavy goods traffic and with the building works now going on further down the lane at Grasslands is making residents lives misery and causing damage to vehicles in the Close.

Your Emerson Park team will fight for residents of Hubbards Close by lobbying the council to deny access to HGV's through Hubbards Close and insist that all access to this site be made via the entrance available from the A 127 Arterial Road only.

Please sign and return to show your support.

**I/we (the undersigned) support the HRA petition to re-route all access to the Grasslands site via the A127 Southend Arterial Road and deny access through Hubbards Close and surrounding roads on the County Park Estate.**
